A NOTE TO THE PARENTS

The mission of the Boys & Girls Clubs of Austin County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive, responsible and caring citizens.

In order to fulfill this mission we use a Youth Development Strategy, which promotes the development of young people by instilling a sense of competence, a sense of usefulness, a sense of belonging and a sense of power or influence. When this strategy is fully implemented, self-esteem is enhanced and an environment is created which helps boys and girls achieve their full potential.
